

Confirmation of conformity

We hereby confirm that our lacquers

Colours for Life lacquer glossy no. 516

and

Colours for Life matt lacquer no. 517

with regard to the standards DIN EN 927 Part 1 and DIN EN 927 Part 2 as "dimensionally stable" for the category "wooden components such as windows and doors, shutters, garden furniture" as the product Auro Holzlasur No. 560, colour: pine, tested and evaluated by the Fraunhofer WKI.

Both varnishes are produced using the same technology and the same binding system as the wood stain and are therefore similar to it

Period of validity: until 27 November 2028
